## **SARAH GILLESPIE RWA**

**ARTIST IN RESIDENCE 2018**

*I make paintings, drawings and engravings that aspire to a quality the Japanese call Hosomi.*

*Hosomi describes an emotional delicacy and a determination to slight nothing, to see and understand the beauty in all things. The practice requires less self-expression and something more akin to an emptying of the self, a stepping aside, to make a lens of oneself - open the subtler depths of beauty to which we are so often blind.*

*In addition to her own work, Sarah will be working with Dartington Arts to consider how best to move forward with Aller Park as a hub of studios, workshop and exhibiting space for visual artists*
