

Dartington
Trust

Dogs

on the estate

Well-behaved dogs are welcome here but the Dartington Trust is a working estate where we care for our livestock, grow food and provide habitat for wildlife. We ask all visitors to act with sensitivity when walking with dogs.

- All dogs should be kept on a lead when walking around the Dartington Estate. This is especially important when close to the Deer Park and other livestock areas.
- Dogs are only allowed off-lead in Aller Park (please see map below for guidance).
- We have an extensive network of public footpaths around the estate so please don't walk in fields where there is no footpath or stray from the line of the path where it crosses a field; even slight damage to crops means a loss of income to farmers and growers.
- Allowing dogs off lead in fields containing deer or livestock can make the animals distressed, and sometimes kill them.
- Please pick up after your dog as dog faeces can carry diseases which are harmful to humans and animals. There are dog poo bins placed around the estate.

- No dogs are allowed in the sports field areas of the estate. These are for sporting activities only. Please pick up after your dog if using the footpath beside the sports field, as it is an area where children play.
